

Computer Science 50

Introduction to Computer Science I

Harvard College

Week 12

David J. Malan
malan@post.harvard.edu

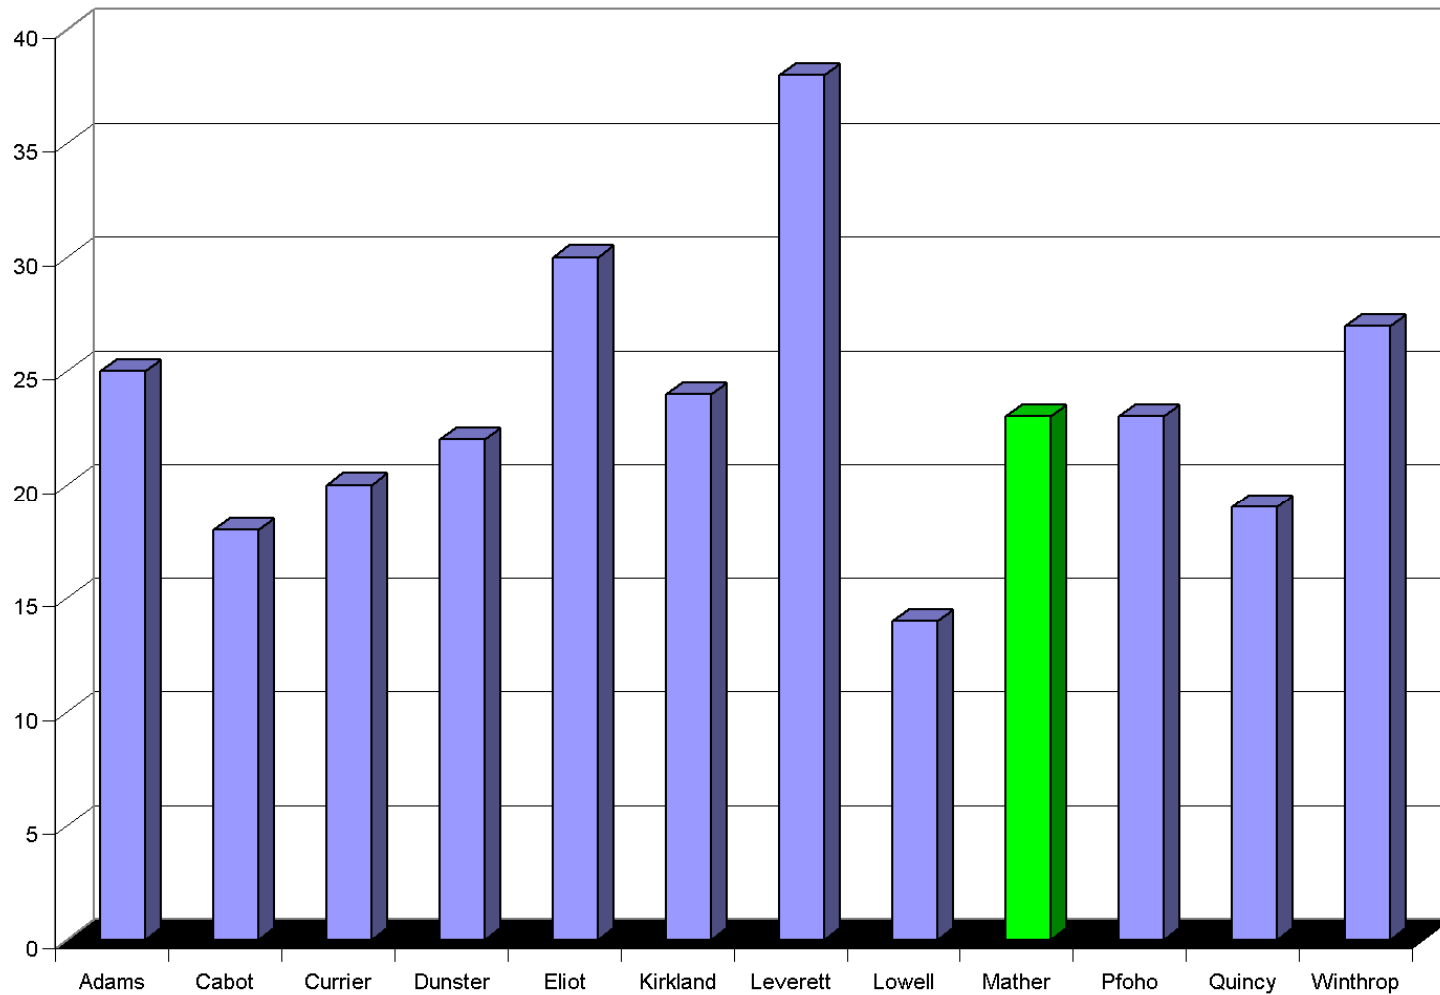

Store

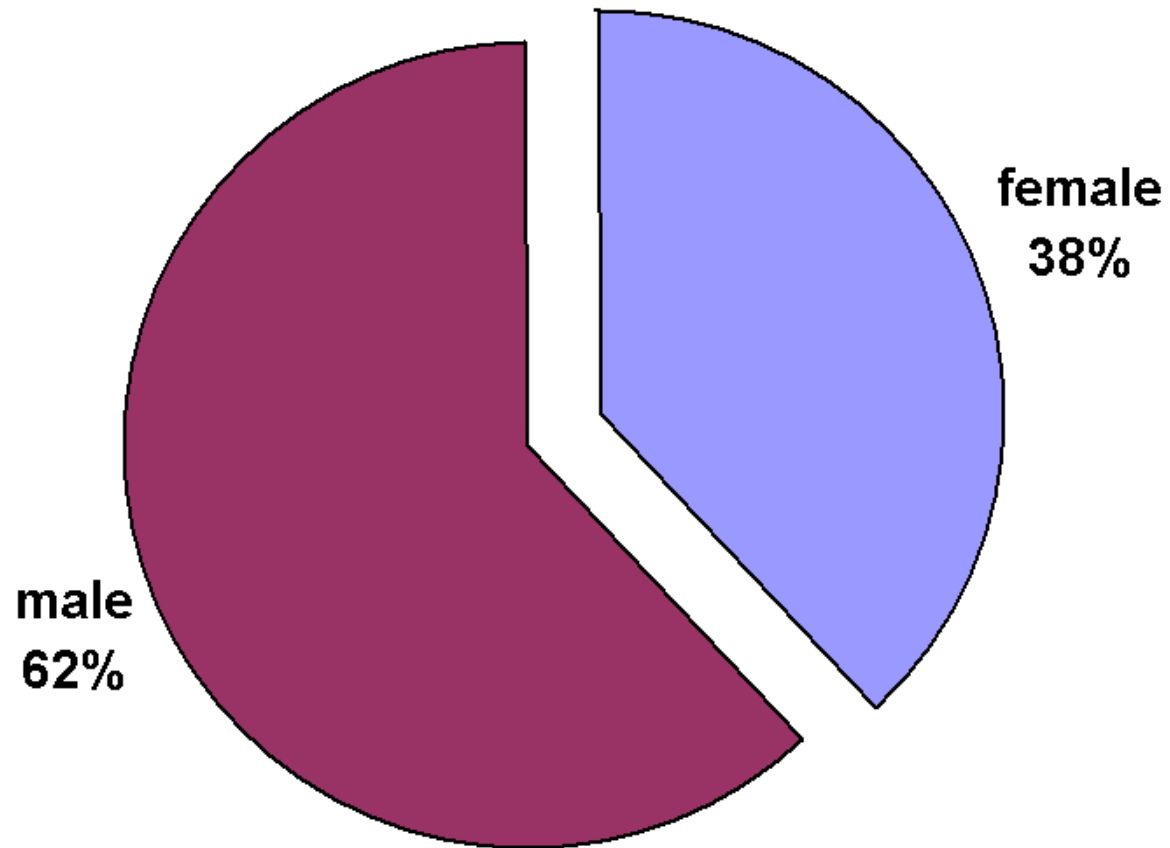

lolcats

```
function image()
{
    $xml = new SimpleXMLElement(file_get_contents("http://feedproxy.google.com/ICanHasCheezburger?format=xml"));
    $item = $xml->channel->item[0];
    $title = htmlspecialchars(substr($item->description, strpos($item->description, "-") + 2), ENT_QUOTES);
    $link = $item->link;
    foreach ($item->children("http://search.yahoo.com/mrss/") as $content)
    {
        $attributes = $content->attributes();
        $url = $attributes["url"];
    }
    return "<a class='img' href='{ $link }'><img alt='{ $title }' border='0' src='" . $attributes["url"] . "' /></a>";
}
```

Who Are You?

Fall 2008

Respondent #70

Makes use of too much antiquated internet culture

Respondent #241

At first, they always seem really daunting, but as I get into them, it's amazing to see my own progress even within a single problem set.

Respondent #42

I like being able to look back to two weeks ago and feel like I've made significant improvement since then.

Respondent #240

I feel like I give birth to my own mutant creation every week.

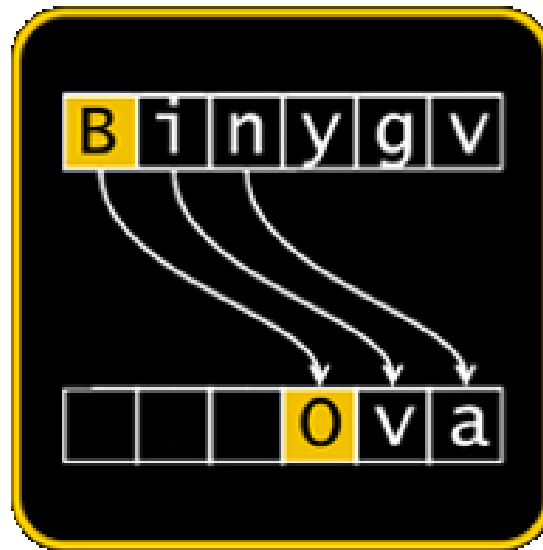

Problem Set 0

Problem Set 1

Problem Set 2

Problem Set 3

Respondent #213

**it's funny he made his mom send him
something for class**

Problem Set 4

Problem Set 5

Problem Set 6

Teh Computer Science 50 learnz you about intertubes in teh cloudz. David J. Malan will pwn u ftw so watch out!

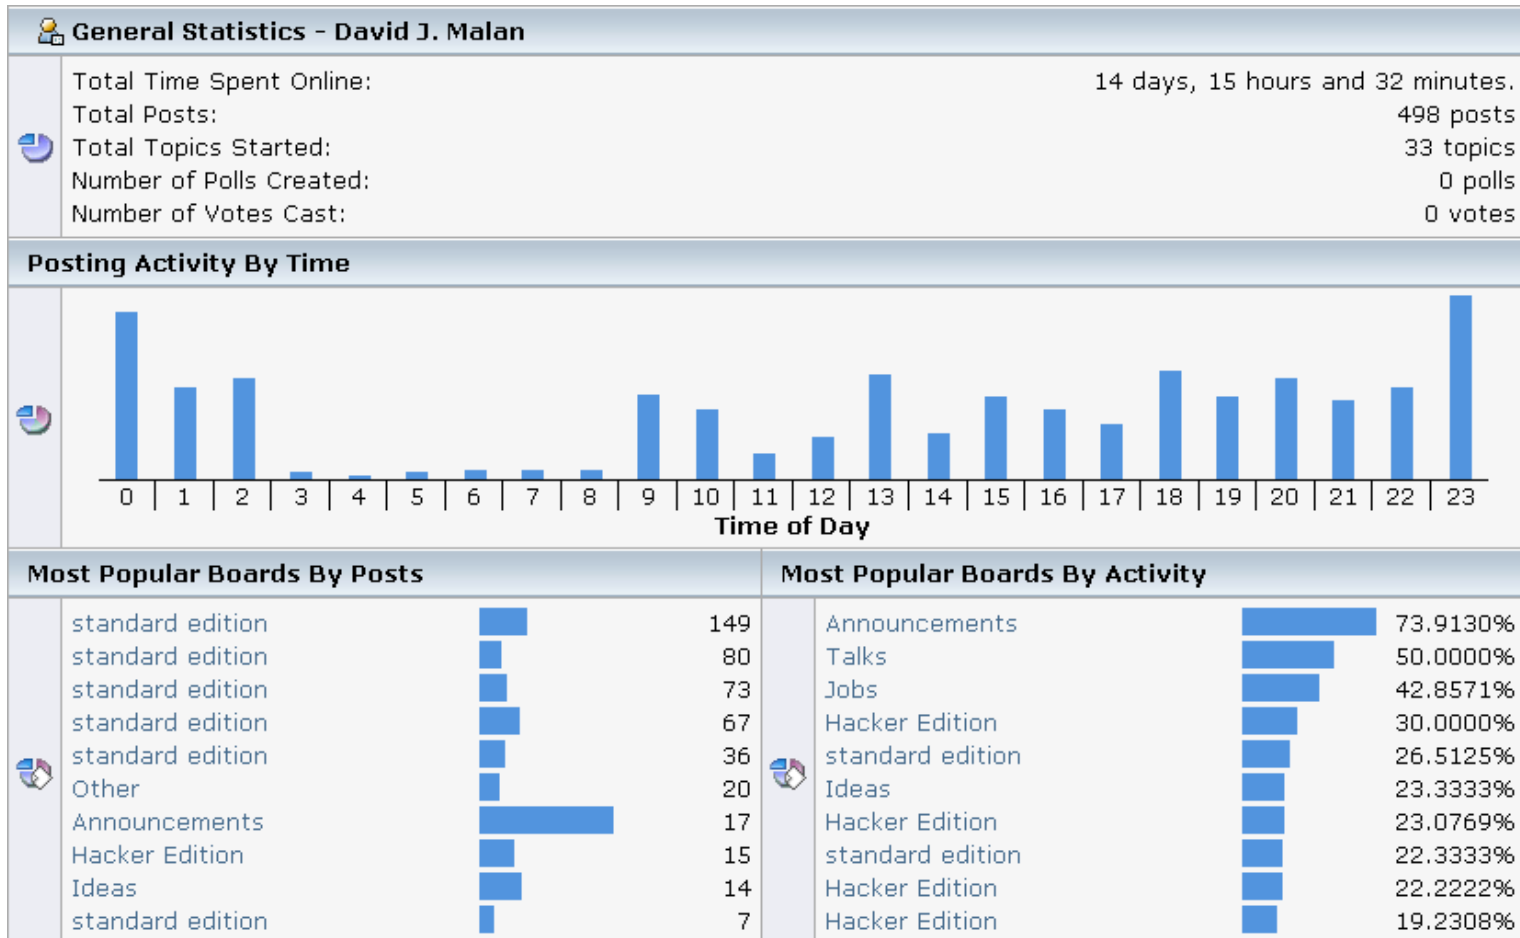

Problem Set 7

Problem Set 8

Bulletin Board

Respondent #99

testing - I'm a TF - just seeing what the questions are.
