

## Facebook Puzzle Hunt!

[fb.me/harvard\\_puzzle](https://fb.me/harvard_puzzle)

- There are eight puzzles for you to solve. Each puzzle stands alone and can be solved independently of the other puzzles.
- The answer to each puzzle is a single word or short phrase.
- **ONE** person from your team should input answers on the puzzle hunt page. You can find digital copies of the puzzles there as well.
- Feel free to use the internet and any other non-human resources available to you.
- Teams should consist of 2-4 people.
- Remember that everything, including the title can be a hint to the solution to a puzzle.
- Have fun!

# Rock, Steel, and Ice

*You've bit off more than you can chew. You're not usually one to zero in on the problem, but it might've been a bad idea to explore this island cave without a light. Stumbling forward in the dark, you wonder what you'll find...*

# The Next Unicorn

*Everyone's looking for the next big thing in tech, but these companies think they've nailed it by making the last big thing a little better. Can you discover the identity of the venture capitalist who funds them?*

1. This is your one-stop shop for headgear for scientists, swimmers, or pilots. (6)
2. Are you a parent dealing with spit-up and vomit? This gadget uses compressed gas to deflect particles so your baby remains nice and clean. (6)
3. Want to feel like you're on stage at Carnegie Hall? This virtual reality app puts the user square in the middle of the brass section of the symphony, where you can play along with the pros. (7)
4. This app allows you to follow along with the Supreme Court in real time, though its name has been out of date since February. (4)
5. Spend half your life waiting for a streetcar? With this on-demand service, never wait again. Just push a button, and a trolley will show up immediately, ready to take you wherever you want to go. (9)
6. This app shows you the locations of nearby tornadoes. (7)
7. This Peter Pan simulator allows you to encounter his arch-enemy head-on. (8)
8. Ever have trouble getting your tiny items in a row? This app will arrange objects too small for a human to see into the desired order. (9)
9. This app allows you to pretend to be someone who mends things (as opposed to a tailor, soldier, or spy). (6)
10. British elevator enthusiast? This is the app for you. (4)
11. This app allows you to find a friend who is into the same thing you are: cast iron skillet. (6)
12. This company is betting on the internet of things: they make electronic purses, satchels, and backpacks. (4)

# Scripted

“I can smell when someone has a cavity. It's a very specific smell—not a bad-breath smell—but something that is really strong.”

“I find this really most extraordinarily interesting.”

“Merely smile.”

“Give me a carrot.”

---

“Don't touch me! Don't question me! Don't speak to me! Stay with me!”

---

“I have a cute little voice.”

“Sing something.”

“What gave me the right to think I could be a singer?”

“Enough! I suppose I might as well sit down.”

---

“I just went out and bought flats for the first time this week and I can't wear them.”

“There's man all over for you, blaming on his boots the faults of his feet.”

“I love high heels.”

---

“Nothing happens, nobody comes, nobody goes, it's awful!”

---

“I rented a monkey for my mom for a week.”

---

“Well a bear can juggle and stand on a ball and he's talented. But he's not famous, you know what I mean?”

---

“I hate to talk about myself.”

“I've made mistakes in my life for sure.”

“I am really cautious about what I say and do.”

---

“We always find something, to give us the impression we exist?”

“No matter how long you've had a dream, it can still come true if you persevere.”

“Yes, yes, we're magicians.”

---

“I have a hit TV show.”

“There are always going to be ridiculous rumors.”

---

"I think you have different soulmates throughout your life."

"I think I'll always be a hopeless romantic."

"I will always believe in love, but my idea has changed from what I've always thought."

---

"I was dreaming I was happy."

"Maybe my fairy tale has a different ending than I dreamed it would. But that's OK."

"We have time to grow old."

---

"Let's go."

"We can't."

"Why not?"

---

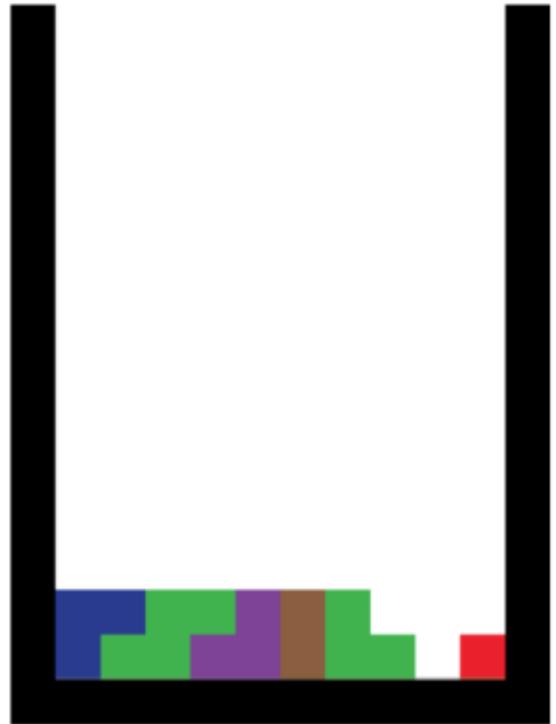

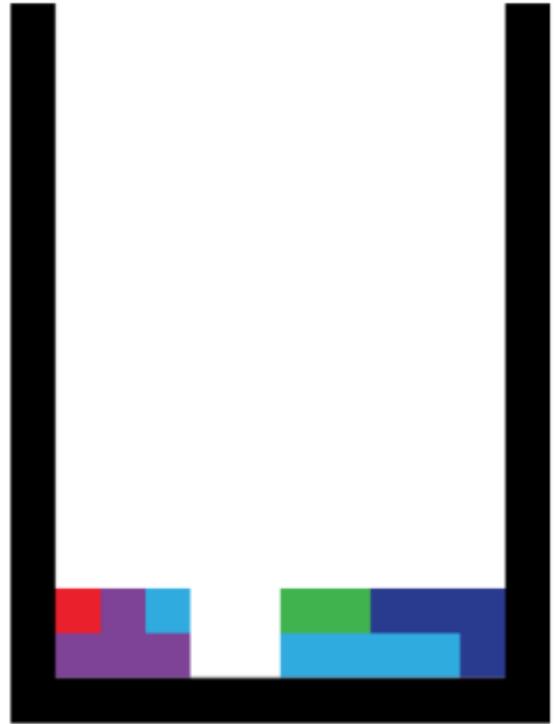

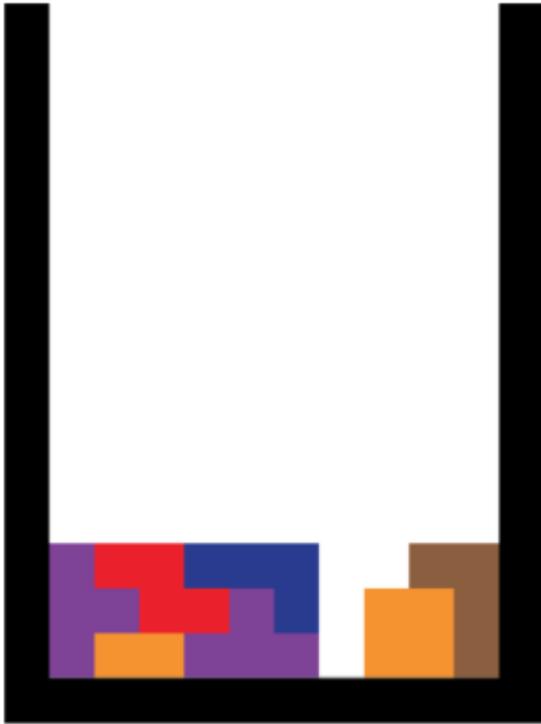

"We are all born mad. Some remain so."

# We All Fall Down

# Stacked

Within each stack:

- Each box has a positive integer.
- The bottom row can only contain the numbers 1 through 9.
- Each box is the sum of the two boxes below it.
- All boxes contain a unique number EXCEPT if colored (then those two share the same number, distinct from all the white and other-colored boxes).
