"Be reasonable."

"The essence of all work that you submit  
to this course must be your own."

"... when asking for help, you may show your code to others, but you may not view theirs ..."

# regret clause

"If you commit some act that is not reasonable but bring it to the attention of the course's heads within 72 hours, the course may impose local sanctions that may include an unsatisfactory or failing grade for work submitted, but the course will not refer the matter for further disciplinary action except in cases of repeated acts."

cryptography

**Why is 'OVALTINE'  
so good?**

*It is a concentrated extraction  
of ripe barley malt, pure  
creamy cow's milk and speci-  
ally prepared cocoa, together  
with natural phosphatides  
and vitamins.*

*It is further fortified with addi-  
tional vitamins B and D.*

**OVALTINE**

*The Beverage for Family Fitness!*
