Introduction to
Programming with Python

Style

PEP 8

peps.python.org/pep-0008/

"Readability counts"

"A style guide is about consistency. Consistency with this style guide is important. Consistency within a project is more important. Consistency within one module or function is the most important."

- Indentation
- Tabs or Spaces?
- Maximum Line Length
- Blank Lines
- Imports
- ...

pylint

```
pip install pylint
```
